Reach **THOUSANDS** of potential extra buyers

With Rex Reach you can achieve a **higher sales price** by reaching **more** real estate buyers **earlier** in their buying journey.

Put your property in front of the right audience

Rex Reach campaigns are guaranteed to get your property in front of the right audience across social media and the web.

Backed by powerful demographic, psycho-graphic profiles, online behaviours and our Intent Targeting technology your ads will reach potential buyers across the Meta network (including Facebook and Instagram) and the Google Ads network including potential buyers who are not yet actively searching on the real estate portals.

How Reach works

- 1 Showcase your property:** Rex Reach creates up to 70 beautifully designed advert types for your property across Facebook, Instagram and the Google advert network.
- 2 Intelligent targeting:** Our specialist tech ensures your property ad will be seen by the right target audience who are not searching real estate portals.
- 3 Post campaign reporting:** Rex Reach provides you with a report on how the ads for your property performed over the duration of your campaign.
